DATA PRIVACY & CYBERSECURITY ISSUES IN EDUCATION

PAISBOA

Event
Apr 10, 2026

Fisher Phillips attorneys, Logan Booth and Risa Boerner, presented on key topics and themes concerning data protection and cybersecurity in the education industry. Their presentation focused on how digital wiretapping regulations impact educators, steps that educational institutions could take to protect themselves against cyber incidents, and best practices for administrators to adopt to respond to potential data breach and ransomware attacks.
