# DATA PROTECTION AND CYBERSECURITY CHAIR DISCUSSES STATE-SPECIFIC AI LAWS

News  
Jun 10, 2026

In an interview with the *Cybersecurity Law Report*, **Daniel Pepper** shared his insight on Colorado's new automated decision-making technology law (SB 26-189). Dan explained that the law reframes risk assessment around the role an AI output plays in a specific decision rather than how a system is categorized.
