HOSPITALITY WEBINAR SERIES. LANDMINES IN TIME KEEPING

Event

Jul 7, 2026

1:00 pm - 2:00 pm EDT

Timekeeping errors are among the most common—and costly—compliance pitfalls facing hospitality employers today. Even well-intentioned practices can quietly expose your organization to wage and hour liability, class action lawsuits, and regulatory scrutiny if the right safeguards aren't in place.

Join us for this installment of our Hospitality Webinar Series, where our team will walk through the timekeeping issues that most frequently trip up hotels, resorts, restaurants, and entertainment venues, and what you can do right now to protect your organization. From rounding policies and meal break deductions to off-the-clock work, tip credit complications, and the growing risks associated with electronic timekeeping systems, we'll identify where the landmines are hiding and how to avoid them.

Whether you're an HR professional, operations manager, or in-house counsel, you'll leave with practical takeaways to audit your current practices, strengthen your policies, and reduce your exposure before a problem arises.

The firm is submitting this webinar for HRCI/SHRM credit.
