

## Workplace Safety Wednesdays – November 13, 2013

Insights  
10.23.13

Last week, I hosted the first edition of Fisher Phillips' new monthly webinar series – "Workplace Safety Wednesdays." I discussed recent decisions of the Federal Mine Safety and Health Review Commission, MSHA's new Miners' Rights Guide, updates to the HazCom standard, and other topics of interest. I hope you were able to attend and enjoyed the webinar as much as I did. If you were unable to attend, but would like to watch the webinar, please feel free to [DOWNLOAD THE RECORDING](#).

Next month, on Wednesday, November 13, 2013, at 2:00 p.m. (EDT), I will be co-presenting with Karen Hilliard, V.P. Operations for Business Safety Services. Karen and I will be discussing contractor liability from both the operator and contractor viewpoints. We will be offering tips to reduce liability, create or revise your contractor compliance program, and other related topics.

If you have questions about contractor-specific issues, please feel free to email them to me or Karen ([karen@businesssafetyservices.com](mailto:karen@businesssafetyservices.com)) prior to the webinar and we will try to incorporate these into our presentation.

If you have suggestions for future editions of the "Workplace Safety Wednesdays" webinar series, please let me know.
