SHRM Southern Shore New Jersey

Event
Nov 18, 2026

Leadership upheaval, shifting enforcement priorities, and changes in longstanding practices are reshaping the U.S. Equal Employment Opportunity Commission (EEOC). What should HR make of these developments—and how should employers prepare? This practical session will explore what is happening inside the agency, the discrimination claims drawing increased attention, and changes in how the EEOC investigates charges and develops policy. Through real-world examples and discussion, attendees will learn why a changing enforcement agenda demands continued diligence and what these developments mean for everyday HR decisions.
