The Fisher Phillips International Employment Practice Group Presented a Free Summer 2012 Webinar Series

Many employers operating in Europe are accustomed to dealing with local laws for a particular European Union country, but may not have time to focus on the broader impact of the European Union and how it works. This webinar provided an overview of the legal framework of the European Union and how it impacts the labor and employment laws of member states. Employment Tax issues, immigration, and employment issues in mergers and acquisitions were addressed.
