

Workplace Safety Wednesdays - Monitoring MSHA Updates - (12/11/13)

Event

12.11.13

Fisher Phillips attorney Matthew Korn presented the third edition of the Workplace Safety Wednesday webinar series on December 11, 2013. This free webinar series provided the latest updates on the Mine Safety and Health Administration's (MSHA) regulatory agenda, reviewed recent decisions of the Federal Mine Safety and Health Review Commission, and provided useful insights to keep you up to speed on all things MSHA.

During the December webinar, Matthew discussed discrimination complaints under the Mine Act. Matthew focused on proactive steps your Company should take to protect against discrimination complaints. As MSHA continues to focus on discrimination complaints, companies need to be prepared to defend against such claims and need to know how to avoid problems associated with discrimination.

This free webinar is a great tool for busy mining industry professionals and health and safety managers to stay ahead of the curve. We hope you enjoyed this presentation and look forward to continuing this series on a monthly basis.
