

Roundtable Discussion About HR and Safety Issues In Construction

WEBINAR

Event

3.11.15

This webinar is being rescheduled to a later date.

Howard Mavity, partner and co-chair of the Fisher Phillips Workplace Safety and Catastrophe Management Practice Group will present the fourth webinar in the HR and Safety Professionals In Construction series, entitled "Roundtable Discussion About HR and Safety Issues In Construction."

In this session, HR and Safety Professionals will discuss topics, such as best strategies for investigating allegations of drugs, unsafe work, harassment, and discrimination; what should and should not be in your Employee Handbook; policies and procedures challenged by the NLRB; and avoiding safety-related retaliation claims. So far, almost a dozen Construction HR and Safety professionals from around the Country have served as panelists to discuss current issues.
