

# Understanding the Non-Compete and Non-Solicitation Environment in the United States and Europe

Event

11.17.15

Fisher Phillips is proud to sponsor the International Employers Forum Event on November 17, 2015.

U.S. non-compete agreements and other restrictive covenants are increasingly important issues for global employers based in Germany and elsewhere in the E.U. It is critical that employers develop an understanding of how restrictive covenant laws vary from state to state in the U.S., and key ways in which they differ from the law in E.U. member states.

Please join your professional colleagues and our International Employers Forum (IEF) panel as they discuss and define these challenging distinctions and engage in a lively question-and-answer session with program attendees.

**JOIN US** on November 17 in the Sky Lounge at the SIDE Hotel for cocktails, networking, and an engaging panel discussion led by:
