QUIRKS OF STATE-OSHA PLANS: NC, SC, VA, OR AND WA

Webinar

Event
Feb 10, 2016

State OSHA plans must have standards at least as effective as Fed-OSHA standards, but the personalities of the plans and their enforcement and appeals processes greatly differ.

In this webinar, Clarence Belnavis (Seattle), Travis Vance (Charlotte) and Moderator Howard Mavity will discuss differences in State OSHA Plans' enforcement and appeals processes, and how to manage safely in a company with operations in those states. Future sessions will cover California, Tennessee, Oregon, Indiana, Kentucky, Michigan, Minnesota and Maryland OSHA.
