Why Let Bad Behavior Place Your Company At Risk?

Long gone are the days of Miss Manners and etiquette classes that provided a common means for respectful interaction within society. Self-centered behavior and inaccurate beliefs about "rights" abound among employees. Employees often come to work with an attitude of personal freedom that frequently is at odds with employment policies. This session addresses an employer's right to prohibit inappropriate conduct and maintain the work environment best suited to its needs.

Presenter: *Todd Fredrickson, Managing Partner*
