Please join Fisher Phillips Education Practice Group as we provide an annual training on significant regulatory and case law developments regarding K-12 Title IX obligations and, in particular, institutional obligations with respect to student-on-student sex assault and transgender students.

This webinar will cover the following topics:

- **What Every Texas K-12 Administrator Needs to Know about Title IX:** This will provide an explanation of what Title IX is and how it applies to K-12 schools. It will also provide information about recent Title IX guidance documents on transgender students and student-on-student sex assault as well as Title IX compliance reviews conducted by the Office of Civil Rights. Finally, it will discuss K-12 Title IX litigation both nationally and in Texas.
- **How to Apply What You Know?:** Now that you understand the law, this segment will focus on practical steps you should take to comply with the law. It will discuss best practices in policies and offer insights on the steps you should take when put on notice of an incident impacting Title IX.

The webinar will be presented by Scott Schneider. Scott is a partner in the firm's New Orleans and Houston offices. He specializes in Title IX compliance and is an instructor at Tulane Law School.
