

#TBT! Assessing the New Social Reality...In Person

2016-17 PRIVATE SCHOOL LUNCH & LEARN SERIES

Event

La Focaccia Ristorante

523 Morris Avenue

Summit, NJ 07901

10.20.16

12:00 PM - 2:30 PM

Friending? Snapping? Texting? Gramming? How did we get here and - more importantly - how should administrators respond to the risks, rewards, and pitfalls of ubiquitous technology and communication in schools?

Please join Fisher Phillips for a special Lunch & Learn program designed to help schools understand today's unprecedented level of technology and leverage the impact it has on operations and academics, without running afoul of the law or good taste.

This interactive luncheon will take place at La Focaccia Ristorante in Summit and will include an educational presentation and open forum discussion/Q&A, while enjoying lunch in the private dining room.

To reserve your seat and for additional information, please contact [Chris McGoldrick](#). I hope to see you on October 20th.
