7:15 AM - 9:00 AM

The South Metro Denver Chamber of Commerce, Roper Insurance and Fisher Phillips invite you to attend our Human Resources Academy, which occurs on the second Thursday of every month. Our presentations are designed for business owners, managers, supervisors, HR professionals, and in-house attorneys who must deal with real life workplace issues that have real legal consequences.

Employer Navigation of Data Privacy in a Landscape of Data Breaches:

Employers are facing increasingly sophisticated data security threats every day as well as the challenge of managing a workforce that is mobile and plugged in 24/7. As companies continue to integrate computers, tablets, smart phones, and the cloud into their business models, the need to take cyber security seriously grows exponentially. How do you manage security threats created by these developments while respecting the legal rights of your employees? Please join employment law attorney, Danielle Urban, as she helps navigate employer data privacy issues and what you can do to protect your company data and minimize risk. This session will cover:

- Your technological vulnerabilities.
- New challenges created by personal devices and social media.
- Limits on employee screening and monitoring.
- Legal steps you must take to prevent or mitigate data theft or breach.

Presenters: Danielle Urban (Fisher Phillips), Mike Greco (Fisher Phillips) and Steve Roper (Roper Insurance).
