We are excited to partner with the Colorado Technology Association to present a seminar designed to help employers navigate the changing landscape of immigration laws and stay in compliance under the New Administration:

Employers are facing increasingly competitive environments for hiring foreign talent and ensuring proper work authorization for all employees, US and foreign workers alike. Join immigration and employment law attorneys, Jocelyn Campanaro and Darin Mackender, from Fisher Phillips, for a seminar designed to help employers navigate the changing landscape of immigration laws and stay in compliance under the new administration. This session will include:

- How to hire and retain new talent
- How to stay in compliance with I-9 and assorted immigration laws
- What to do if the Government shows up at your work place with an audit

UPDATE: We will have up to date information on the new Executive Order and the impact on employers.

Intended for: Legal Counsel, owners, executives, hiring managers, talent acquisition employees, HR representatives and recruiters.

Cost: Colorado Technology Association Members-Free; Non-Members-\$20

For Questions: Leigh Anderson, Business Development Manager, 303-218-3677 or landerson@fisherphillips.com
