Fisher Phillips attorneys from California, Oregon, and Washington will work through these topics with local cannabis industry leaders and other attorneys experienced in other business law aspects of the industry. This educational opportunity will also provide attendees a chance to connect with industry leaders, learn prevention and compliance tips, and mingle with businesses who support this industry.

Panelists will include Fisher Phillips attorneys, Chris Larsen from Ashby Law Group, Neil Juneja from Gleam Law, and experienced industry executives Ian Eisenberg of Uncle Ike's and Wendy Bentley of Canna Organix.
