With workplace violence on the rise, the attorneys at Fisher Phillips cordially invite business owners, in-house counsel, human resource professionals, and safety professionals to attend a proactive presentation about best practices for preventing workplace violence, including active shooter training by Officer Dave Wilson of the City of Dallas Police Department.

While the annual cost of workplace violence is estimated in the billions, recent injuries and losses of life have made it imperative that employers commit to strategies that minimize workplace violence and related legal risks. This informative and interactive seminar will provide specific steps that may reduce the risk of workplace violence. You will also obtain invaluable active shooter training that features the "Run Hide Fight" method that may help you and your employees escape a workplace tragedy. Officer Wilson will provide real-life case scenarios on what to do if you are faced with an active shooter.

A complimentary lunch will be provided with the program. Seating will be limited so reserve your spot soon. We hope to see you there.
