1:00 PM -2:30 PM

Travis Vance will be a guest speaker at the 2017 Docks Expo in Nashville, Tennessee on December 6, 2017.

Session Topic: Panel Discussion-Accident Preparedness and Response: Best Practices to Protect Customers, Employees and the Marina

Session Description: This panel will discuss a real-life case study about how a marina handled an explosion on their fuel dock. Experts in OSHA law, insurance and marina safety will discuss how best to navigate the process, care for injured customers or employees, preserve evidence, and work with emergency personnel. This session will have plenty of time for discussions and questions. OSHA standards are a hot topic and changing rapidly in the marina environments.
