The Patient Protection and Affordable Care Act's (ACA) reporting requirements are rapidly approaching for employers with group health plans or with 50 or more full time or full time equivalent employees. The IRS recently provided final instructions for employers who are preparing to file. This webinar will provide an overview of the reporting process, what we learned from earlier rounds of reporting, and how employers should be tracking employees.

This webinar will:

- Review the 2017 final reporting forms and instructions
- Review the deadlines for employers to submit forms to the IRS and to employees
- Discuss reporting offers of COBRA coverage
- Explain the difference in reporting requirements for small (less than 50 employees) and large (50 or more employees) employers, and self-funded versus fully insured
- Discuss the two measurement methods to determine which employees receive a 1095-C
- Provide best practices on the monthly measurement method and the lookback measurement method

This 60-minute intermediate level webinar will help employers determine the best practices for reporting in 2018.
