

# Managing Gender Identity Issues and Determining the School's Obligations

WEBINAR

Event

GoToWebinar

1.19.18

12:00 PM - 1:00 PM EST

Changes in our society regarding gender identity issues impact schools in both employment and student relationships. This webinar will focus on the federal, Florida, and local laws that outline and impact a school's rights and obligations regarding gender identity. We will discuss trends that we are seeing in schools, cases that have arisen, and how schools have addressed gender identity issues successfully (and unsuccessfully).

Registration can be found [here](#).
