

Managing a Company in the Age of #MeToo and #TimesUp

Event

Roots Steakhouse (The Stone Room)

401 Springfield Avenue

Summit, NJ 07901

3.15.18

5:30 PM – 8:00 PM

Join us for cocktails, hors d'oeuvres and a presentation designed to give business owners and senior leaders the tools to strategically deal with the issue of harassment in the workplace.

High profile allegations of sexual harassment against Hollywood executives, actors, comedians, politicians, media personalities, and corporate executives have become pervasive. Victims of this predatory behavior have been empowered to share their stories, creating a cascading effect that is prompting organizations to examine workplace conditions with a newfound clarity and urgency.

Employers caught ignoring signs of a toxic workplace environment could be forced to answer for their neglect both in the courtroom and in the court of public opinion. It is critical that company owners and high level executives take the time to ensure that they are providing both a workplace free of harassment and a culture that does not embolden employees to carry out this harmful behavior.

Registration is complimentary but seats are limited.

Please R.S.V.P. to Chris McGoldrick (617-532-9324) to reserve your space.
