Fisher Phillips and Paychex HR Services invite you to attend the first of our quarterly workshops where attendees will learn about ways to prevent harassment in the workplace, the laws that apply, and how the #MeToo movement could influence employees.

Not only is harassment in the workplace a legal risk, but it also lowers morale, decreases productivity, and can cost you top employees. Now is the time to ensure your organization's workplace is free of offensive and harassing behavior. We will provide you with a clear-cut plan to ensure you are doing everything possible to provide a safe and comfortable working environment while minimizing your legal liability.

Come learn and network with other employers, and enjoy breakfast refreshments compliments of Paychex HR Services.
