

Determining Best Practices for Approving Student Clubs

WEBINAR

Event

GoToWebinar

1.15.19

12:00 PM - 1:00 PM EST

Students today are interested in politics, LGBTQ issues, want to gather with others within a particular racial or religious category, etc. This webinar will ensure that schools understand the processes they should have in place to consider the larger issues of discrimination, diversity, inclusion, non-profit prohibitions, parental concerns, and public relations issues when determining whether a Club will or will not be approved.

Space is limited.
