Join us for lunch and a discussion on a hot HR topic. This complimentary event is a great opportunity to network and talk with other HR professionals and our lawyers in an informal and collaborative setting to get the information you need to stay in the know.

Over twenty states and several major counties and cities have enacted nondiscrimination laws protecting gender identity or expression in the employment context. As society becomes more aware of transgender issues, interactions with transgender individuals may seem more common in today's workplace. To guard against potential lawsuits, California employers should be aware of the new laws in place that protect transgender applicants and employees. In this presentation, Fisher Phillips attorneys [Andrew J. Hoag](#) and [Ceci Sun](#) will provide a general overview of transgender issues in the workplace to ensure compliance with these laws.
