595

Registration for the Lead Auditor course has been closed. Please reach out to Abby Tasman with any questions or special consideration at atasman@fisherphillips.com or 502-561-3995.

This course, taught by highly experienced, internationally recognized safety and health consultants, attorneys, and architects of the ISO 45001 standard will prepare the delegates to lead an ISO 45001 Audit. The OH&S Management Systems Lead Auditor Training Course teaches the fundamental auditing principles and practices, in conformance with national and international accepted norms and regulations relating to ISO auditing methods and OH&S 45001 requirements. Fundamental knowledge of the ISO 45001 standard is a prerequisite for attending this course.

By attending this course, delegates will also gain the necessary auditing skills through activity-based learning, practical auditing experience, coaching, workshops and open forum discussions. Our experienced ISO 45001 instructors will guide delegates through the entire audit process; from planning, budgeting, staffing, auditing performance, generation of Corrective Action Requests and planning Action Item closure.

Successful completion of this training course, by passing the relevant examination and skills assessment, will demonstrate knowledge and basic skills to undertake and lead an ISO 45001 OH&S management systems audit.

Presenters

- Ed Foulke, Partner, Fisher Phillips, President of FP Safety Solutions
- Steve Davis, President & CEO, principal consultant for GRM, Inc

Who Should Attend?

This course is designed for occupational safety and health managers, risk managers, operational risk managers, occupational safety and health management system (OHS MS) managers and team members, corporate counsel/attorneys, domestic and international consultants/educators in anyone desiring an in-depth understanding of the ISO 45001 audit process and how to lead a management system audit team.

Cost: \$595

Included In the Program

- Course outline and comprehensive course materials and reference materials
- Continental breakfast, lunch and refreshments provided each day
- ISO 45011 course certificate upon completion of course

Note:

Because of the comprehensive instruction and interaction with all attendees seating is limited for this program.

Train At Your Location:

We enable employers to provide focused, on-location training on their own timetables. We can create the lead auditors course content to meet your company's specific needs. We also have the ability to deliver course via web conference or on-demand online video. For 15 or more students, it is more cost-effective for us to coordinate a program with you.

This program has been submitted for each HRCI and SHRM for approval.

Should you have any questions, please contact Robert Smith at rsmith@fpsafety.com.
