

Safe Mode Recovery: Legal and HR Considerations for Employers

Event

GoToWebinar

4.27.20

12:00 p.m. - 1:30 p.m. EDT

In this presentation we will lay out step-by-step guidelines on how to reopen. The discussion will include: (1) establishing a recovery team (who should be on it; responsibilities); (2) best practice procedures (e.g. PPE supplies; sanitizing the workplace; handling incoming deliveries of supplies, goods, etc; social distancing guidelines; health screening of employees, visitors, customers; access controls); (3) employee communication and engagement; (4) customer, vendor, government and other key stakeholder outreach plans; (5) management/employee training on operating in a Safe Mode; (6) upgrading your employee wellness program; (7) action plan if an employee, vendor, or customer becomes sick; and (8) labor relations considerations.
